**RE: Service Testimonial**

---

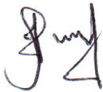

To Whom it may concern,

I am writing this letter to you as a testimonial for the services provided by Jasper Consultants. For the past few weeks I have worked hand in hand with Jasper Consultants to assist us with creating a new website. At no one time have they failed me, and they have always been on time, making them a reliable partner to us.

My first engagement with Jasper Consultants was on a project of website design. The company brought along good expertise that involved targeting the right clientele through use of electronic media. The feedback and results are phenomenon compared to our previous website. It is through the use of their services that i have been able to transform our business model.

I would like you to consider Jasper Consultants for your web design, marketing or any other service offered by the company. I have had a good experience with them for the services they have rendered to us. I therefore strongly recommend their services.

Yours Sincerely,

JJ Swanepoel
